

PSHCE

Key Stage 3

PSHCE is a key part of our curriculum: it combines knowledge and understanding with the development of personal and practical skills needed to live healthy, safe and fulfilled lives. Students explore what it means to be British and develops their understanding of their roles and responsibilities as local, national and global citizens. The PSHCE programme is varied and stimulating, and is a compulsory subject at Ridgewood. Students complete a range of units in Years 7 and 8 before completing a level 1 qualification in Key Stage Four.
