The Progress 8 figure is an illustration of the amount of progress students make during their time at secondary school. The figure is based upon their 'journey' from their KS2 starting point, to the end of year 11. A positive Progress 8 score would indicate that a student has made better than expected progress. A negative Progress 8 score would indicate that a student has made less than expected progress.

A Grade 4 represents a *standard* pass, whilst a Grade 5 represents a *strong* pass. Subjects** are vocational subjects that are not graded 1-9, but graded Fail-Distinction*. For the purposes of this table they have been converted to the 4-9 and 5-9 measures. GCSE and vocational subjects are equivalent in value.
